Christ Church, Phila

Dec. 3/90.

To the Vestry of Christ Church:

Gentlemen: I complete this month the 21st year of my Rectorate & the 29th of my connection with this Parish.

The changes of late by death & removal have been great, & those are coming in to take the places of those whose interest is at an end.

I feel obliged therefore to present to you my resignation of the responsible & honorable office of Rector & the hope that one may be found who is able to create greater interest in this difficult & important work.

For several reasons I am obliged to ask that my resignation be not accepted until October 10th 1891.
